MISS MINNIE PARG

MRS. VIRGINIA POSCOVER

We dedicate this 1955 Mountain Breeze to those who have been the influence in our lives these past four years---our teachers, Miss Parg, Mrs. Poscover, and Mr. Blackhurst. With their help we have risen from doubtful, uncertain primary students, to confident, intelligent seniors, with the ambition to strive for a place in this busy world. They have outlined for us a successful past and a promising future. So, to Miss Parg, Mrs. Poscover, and Mr. Blackhurst, who have so generously shared their knowledge, wisdom, and hours of hard work with us, we humbly dedicate this annual.

GREENBANK ELEMENTARY

EDUCATION IN GREEN BANK DISTRICT

The first school in the vicinity of Green Bank was erected in 1780. It was a typical pay school of that period; the fee was paid by boarding the teacher a certain length of time, according to the number of scholars in the school.

As Green Bank became a larger place than a one-house-town, a school was erected below the town at what was then known as the Crossroads, and named after the location. The school lasted until the year 1820, and then a school was built on what is now the property of John R. Gum which was then known as Cartmill Creek. This school served the purpose of educating the pioneer children for a decade or more.

As churches were built with better regard to the density of the people, the session rooms became the school house the session room of Liberty Church being one of the most important in Green Bank Community. The session room schools were usually taught by the pastor, and if the pastor did not teach, outside teachers would teach a term of three months for a dollar a scholar if there were as many as ten scholars.

The session room schools lasted until 1842, when the Green Bank Academy was erected where the Odd Fellows Lodge Hall now stands in Green Bank. This was the first free school and was first taught by Professor Benjamin Arbogast who had influenced the founding of it. The usual number attending was from sixty-five to seventy-five. This school was part of the Academy program of the County which called for the erection of three academies; at Green Bank, Huntersville, and Hillsboro. These three buildings were of brick and were the most modern buildings in the county. Most of the people in Green Bank District sent their children to this school. These scholars boarded at Green Bank for there was no methods of conveyance from the more distant homes.

When a student had finished this school he could attend Institute for a week, and then pass a test given and prepared by the County Superintendent and become qualified for a teaching position. Green Bank District had its own Board of Education at that time, so the teachers went before them to qualify for a job. But they had to have as many as two trustees of the three to sign their contract before the job was forthcoming; the salary being about sixty dollars per month.

A few months after the Civil War, the building was remodeled and changed to a two-storied one and remained, the "Advanced School". It had a high standard of education.

The old Academy served until 1916; the last session being taught by C. E. Flynn, who later became County Superintendent. Its place was taken by the High School.

In the year 1916, John W. Goodsell, President of the Board of Education, with the aid of Dr. Leland Moomau, founded the Green Bank High School with the graded school being in the same building. The first levy of money called for enough money to build the part known a few years ago as the high school part, which extended from the front of the building to the present end of the press room. At first high school and grades were taught in the same part, but as enrollment increased the building was extended to the beginning of the gymnasium, and a few years later the gym and the rooms above it were erected. This last was completed in 1926.

Quite a dispute was aroused over the location of the building, so it was submitted to a popular vote. The main candidates for the election were Cass, Dunmore, Durbin, and Green Bank, with the latter coming in ahead with a fair majority.

The first term of school opened in the fall of 1918 with a small enrollment. The first principal was W. P. Haught of Bristol, W. Va., with Miss Lucy Meredith, Margaret Hunt, and Lillian Moomau as assistants.

The first graduate of the school in 1919 was Grace Currym who had attended Marlinton for three years. In the year 1920, there were five graduates: Virginia Dare Moomau, Helen Beard, Bertie Beard, Lillian Beard, and Lucille Oliver. In 1921 there were ten graduates, fifteen in 1922, fourteen in 1923, nineteen in 1924, and so on.

N. Phay Taylor, the second principal, was succeeded by T. P. Harwood, who served nine years as principal. Mr. Harwood was replaced in 1931 by John Roach who served four years. In 1936, Claude A. McMillion became principal and served until his death in the spring of 1945 when Mr. Mack Brooks, Assistant County Superintendent, served until the end of the term. In the fall of 1945, Mr. Virgil B. Harris of Gassaway, W. Va., became principal and has served ever since.

Brief Highlights: Basketball started early in the school's history; football not until 1926 - first touchdown for the school was made by Olen Hiner in a game with White Sulphur. Home Economics was installed about three years after the founding of the school. The FHA Club was organized in 1930 and is one of the oldest in the state. In 1930, a separate Vo-Ag building was constructed; the following year, a hugh garage. Hot Lunch Program for Green Bank was made and steam was installed. In 1944 the GHS Band was organized under the direction of Anna Margaret Johnson. In 1946 a new floor was laid in the gym and a new heating system installed. Pocahontas County added a County Music Supervision in 1948, Miss Dorothy McNeel served as supervisor.

The Homecoming in 1952 was attended by a large crowd, approximately five hundred alumni. Festivities for the Homecoming celebration consisted of a football game between Webster Springs and Green Bank High Schools. The crowning of the King and Queen took place between halves. That evening, the Alumni Dance was held in the school auditorium. The largest crowd to ever attend a homecoming was in 1953, when approximately a thousand alumni returned for the festivities. The 1954 Homecoming Festivities were marred by rain. In spite of the damp weather, a large number of alumni returned to visit their Alma Mater.

4 dead-beets of green-Bank, Rodney Gainer, Donald Nottingham, Lyndell Sutton, and Keith Tracy, leave our recipee fer doin nothin to Sharon Terry, Bill Kenny et al; provided we don't ferget to right it down.

That fat, little roily-polly Carol Right leaves her extra weight to Louise Barkley.

Conny Johnson dares anyone to try to take Wayne Sheets.

Evelyn Mace leaves everything she didn't learn to students in the future (and thats a plenty!)

Gorgy (juggler) Puffenbarger leaves directions on how to keep too men in the air to onct to Nancy Welver. She says fer ye to be kareful, Nancy.

The weary-willy Club, composed of Jhoney Cassell, Calvin Galford, Blair Gragg, George Hoover, and Gene Kessler, leave there clubroom, easy chairs, lazy habits, and dislike fer work to Mr. Zakarian.

Mary Jean (young-lady) Simmons is gonna leave her popularity with teachers to Jimmy Elza (he shore needs it!)

Doris (last to class and first to bus) Hamrick leaves my speed in the evening and ability to bluff my way in class to Jenny Weber.

Colleen Dill leaves a coon skin fers cap to Dennis Galford. I shot it myself by golly!

Virgil Summerfield leaves his style of hair-cut to Terry Sage; but he hopes Jerry Long will take the hint.

Ella Nora Hill would like to leave her creamy-complexion to all the gals who are havin facial problems.

Violet Ryder is gonna leave her recipee for gettin along with a man to Ramona Terry, who will need it soon.

Barbara Slaven is gonna leave her old boy friends to any girl who doesn't have any cause she's concentratin on only one now.

Bill Geiger leaves his happy disipition to Miss Parg fer the releef of all lower classmen.

Nancy Gillispie and Pete Oliver each gives a couple of inches of there excess height to Mr. Stewart sos he can see over the top of the desk.

Ben Taylor and Jerry Taylor leave there infernal laziness to Sam Taylor.
